Good Morning Anthony...

I'm forwarding this email because its attachments answer the questions you asked about the location of the "Welcome to Westchester / LAX" sign. It is the wall (or on top of the wall) immediately west of the intersection of Howard Hughes Parkway and Sepulveda Boulevard. The area is marked in a red outline on the attached graphic. This is also a Google map of the intersection.

We'll come down for an office visit if that helps. Is this information more clear?

Thanks for all of your help,

Good Morning Donald,

Attached are some views taken from Google Maps showing the general location of the sign. I don't think we need to look at the site with you, Dennis and I can check it out before our meeting. We can discuss the scope and your goals at your office.

Thank you.
